2023 Bouquet of Roses

TASTING NOTES:

The 2023 Bouquet of Roses is a rosé blend which achieves an aroma, aka "bouquet" reminiscent of roses. Strawberry, cherry, and more bright fruit aromas complement floral notes. Share our Bouquet of Roses with someone you love! This is the perfect summertime wine.

WINEMAKER'S NOTES:

This wine brings together the best elements of rose--bright pink and red fruits, refreshing acidity and balance—with the increased tropical and floral aromatics. By blending Syrah rosé, Zinfandel rosé and Pinot Noir rosé, we are able to extract unique aromas and flavors to create an especially complex and balanced wine. The red grapes are left on the skin for 24 hours to extract a hint of pink color and red fruit flavors, the juice is then pressed off the skins and fermented cold (55 degrees Fahrenheit) in stainless steel tanks for three weeks. The wine is blended, filtered & bottled fresh with all the bright and fresh fruit flavors.
